

GOVERNOR COFFIN TALKS

WILL DO HIS DUTY IF AN ATTEMPT
MADE TO HAVE THE FIGHT HERE

Waterbury Sporting Men Say That They Have Communicated With the Big Fighters and Their Managers and That There is No Law to Prevent a Glove Contest in Connecticut—Stamford Mentioned as a Good Place for Corbett and Fitzsimmons to Meet.

Waterbury, Nov. 4.—To-day a gentleman named Coffin, who is governor of Connecticut, and two Waterbury men named "Tom" Hayes and "Bob" McGrath, are talking. The Waterbury men say that they are trying to get the big Corbett-Fitzsimmons fight to take place in Connecticut, and the governor says he will do his whole duty. Up to press hour the militia had not been called out, and no blood had been spilled.

Tom Hayes and Robert McGrath, the two well known sporting Waterburians, say they are making an effort to have the great Corbett-Fitzsimmons fight pulled off in Connecticut. Both men assert their confidence that the fight could be pulled off in this state without successful opposition. They feel so confident of this that they announce that they will jointly offer a purse of \$30,000 to bring the big fellows to the Nutmeg state.

Mr. McGrath was seen by a reporter of the Waterbury American this morning, and said that the offer had been formally made to both Mr. Julian and Mr. Brady, the managers of the two pugilistic celebrities, and that the offer included a substantial forfeit to be placed in the hands of a responsible party in case protection were not offered them. Mr. McGrath laughs at the idea that the fight could not take place in this state.

"Why," he said, "it would be a great deal easier to pull it off here than in the wild and woolly regions that the men are now trying to meet in. In the first place, if the fight was held in this state, many sports from New York would attend that would never go south or west. Then again, we could make up our party in New York, take special trains from that city and have the whole thing over before any kind of a movement could be made to stop it."

It is no joke or hoax, the Waterbury men say, and they claim that they are both business men, well able to carry out the terms of the contract. There are those who believe them and hope now to see the long anticipated fight come off in the state.

If the fight is secured it is announced that the tickets will be limited and sold at \$100 each. The plans for the event will be kept decidedly quiet, and only tried and true men given the "up." Since the scheme has become publicly known the promoters say they have been besieged with offers from well known sporting men for a share in the speculation, but as yet they have not decided what they will do, as they think it would be premature to talk much until a reply is received from the managers of the fighters.

Thomas Hayes when seen was firm in the belief that the contest could be pulled off in Connecticut. "There is no law in this state," he said, "against glove contests for a limited number of rounds. If we could secure a favorable consideration of our offer from the managers of these men we will show these western men how such an affair should be conducted."

It is said that Messrs. Hayes and McGrath have a definite plan of action that will not be revealed at present. The sports of the city are talking of nothing else to-day, and the places conducted by the promoters of the plan are crowded with men discussing the possibility of a fight here.

It is said that it is estimated that Stamford should be the fighting ground.

Governor Coffin was interviewed by a reporter this morning over the telephone. He said that he had seen something about the matter in the morning papers, and if the matter should assume a serious form he would consult the attorney general and do his whole duty in the matter. He said that the law would be enforced, and section 1,507 of the general statutes provides that the participants in a prize fight shall be guilty of a felony and imprisoned for five years. He said he hoped the matter was only a newspaper rumor. If it proved to be anything else he would, after securing legal counsel, give out what he proposed to do.

WHAT HE SAYS.

John L. Thinks One of the Pugilists Was Scared.

Chicago, Nov. 4.—Parson Davies and the party he took to Hot Springs returned from the seat of war of words last night. John L. Sullivan was in the party. "I'm that sick and sore of this fighting burlesque that I'm compelled to stay over and rest out," said big John. "It ain't so very long ago that I used to be in this fighting business myself, and I can say, I could find a way to fight any fellow that wanted to fight. I ain't saying which one of these fighters didn't want to fight, but it's a sure thing one of 'em was scared. You can pick him out if you like. I won't tell you which one it is."

Stetson of the Waterbury Herald, who are charged with criminally libeling Mrs. William Flaherty, were set down for yesterday morning. Richard Welch was fined \$10 and costs in the city yesterday for assault on John Sullivan.

THE DERBY TURNPIKE HEARING.

The hearing on the proposed abolition of the Derby and New Haven turnpike was resumed yesterday morning in the bar library. John Rowell of Derby said that the turnpike should be maintained, as it is a good direct highway to New Haven and shorter by two miles than the Kankwood hill road. David R. Clark of Derby said that there is no

need of maintaining the turnpike, that the hill road is shorter and better.

Arthur B. Bartholomew of Ansonia testified in favor of maintaining the turnpike.

The hearing is still on.

THANKSGIVING DAY.

Proclamation by the President. Washington, Nov. 4.—The customary Thanksgiving proclamation was issued by the president to-day as follows:

A Proclamation. By the President of the United States. The constant goodness and forbearance of Almighty God which have been vouchsafed to the American people during the year which is just past, call for their sincere acknowledgment and devout gratitude.

To the end therefore that we may with thankful hearts unite in extolling the loving care of our Heavenly Father, I, Grover Cleveland, president of the United States, do hereby appoint and set apart Thursday, the 28th day of the present month of November as a day of Thanksgiving and prayer, to be kept and observed by all our people.

On that day let us forego our usual occupations, and in our accustomed places of worship join in rendering thanks to the giver of every good and perfect gift for the bounteous returns that have rewarded our labors in the field and in the busy marts of trade, for the peace and order that have prevailed throughout the land, for our protection from pestilence and fire calamity and for the other blessings that have been showered upon us from an open hand.

And with our thanksgivings, let us humbly beseech the Lord to so incline the hearts of our people unto Him that He will not leave us nor forsake us as a nation, but will continue to us His mercy and protecting care, guiding us in the path of national prosperity and happiness, enduing us with rectitude and virtue, and keeping alive within us a patriotic love for the free institutions which have been given to us as our national heritage.

And let us also on the day of our thanksgiving especially remember the poor and needy, and by deeds of charity let us show the sincerity of our gratitude.

In witness whereof I have hereto set my hand and caused the seal of the United States to be affixed.

(Sig.) GROVER CLEVELAND. Done at the city of Washington this 4th day of November, in the year of our Lord one thousand eight hundred and ninety-five and in the one hundred and twentieth year of the independence of the United States of America.

They will stop a few days at Washington, where they will make a tour of that beautiful city on bicycles. Mr. Mitchell is a contractor at the Winchester armory.

OHIO ALL RIGHT.

Republicans Will Carry the State by a Substantial Majority.

Columbus, O., Nov. 4.—All the effective work has been practically done by both parties in Ohio that can be done. The democratic press virtually admit that Campbell is leading a forlorn hope, but claim "if Campbell cuts down the republican plurality materially he will be the leading candidate for the democratic presidential nomination."

The democrats will invariably compare the results of this election with the phenomenal republican plurality of 137,000 last year. No such plurality as that of last year is to be expected, and the republican leaders have made no such claims.

Senator Sherman has pointed out that a republican plurality of 50,000 this year would be a glorious victory. Governor McKinley has done the same thing. This year the republican party is confident of victory in Ohio to-morrow. Ohio is a republican state, and that fact will again be emphasized at the polls to-morrow.

DR. WHITTEN'S APPEAL CASE.

To be Heard in the United States Supreme Court November 18—Unusual Expediency of Action by the Court.

The United States supreme court has set Monday, November 18, at Washington, as the time and place for arguments in the appeal case of Dr. George E. Whitten, who was accused of complicity with Dr. Lee in causing the death of Margie Schloss by malpractice. The appeal is from the decision of Judge Townsend of the United States circuit court, who, in this city, adversely decided a motion for the release of Whitten under habeas corpus proceedings after the physician had been indicted by a grand jury along with Dr. J. Edward Lee.

The fact that the case is to come up this month when it was only expected last March is a surprise to lawyers and others interested in it. The reason of the expedition is that Mr. Doolittle has preferred the case for trial and it has been hurried along. It looks now as if the cases against Drs. Lee and Whitten, if the government appeal of the latter is decided adversely, will be tried at the January term of the New Haven county criminal superior court. It is the belief of Whitten's friends that it will not be long ere Mr. Doolittle brings him to the state and places him in the care of state officers.

FAVORED CREMATION.

Interesting Occasion at the Ministers' Meeting.

Dr. A. E. Winchell advocated cremation at the ministers' weekly meeting yesterday. He read a paper on the methods of health boards and made a strong argument in favor of reducing corpses to ashes instead of the present method of interment.

Dr. Winchell elucidated the various points touched on his paper, and detailed the wide scope of a health board in the modern municipality. The executive committee, which was appointed a week ago to make arrangements for Rev. B. Fay Miller's revival services, announced that they would meet Wednesday afternoon at Calvary church to complete plans for the revival.

In the absence of Rev. E. M. Poteat, Rev. F. A. M. Brown of the Presbyterian church presided at yesterday morning's meeting.
